

STRAIGHT JACK CAT, Majesty

Can I get to your highness?
Can I get to your majesty?
I've been knocking on your doors.
I've been knocking all night long...

Well I know you won't,
Well I know you won't,
Well I know you won't,
Let me in...

Can I get to your highness?
Can I get to your majesty?
I've been knocking at your doors.
I've been knocking all night long...

Well I know you won't,
Well I know you won't,
Well I know you won't,
Let me in...

Gonna have to be silent.
Wow!

O-U-O-O, please let me knooooow,
O-U-O-O, show me some mo',
Some of your empty galore,
please, please, please let me in...

Something, 'bout you, always is shading
Something, 'bout it, so irritating
Something, lurking like a rat in me
Take it, take it, coincidentally.

Gonna have to be silent.
