

# Stryper, Reach Out

I was looking for the answer all the time  
Always looking, never finding  
I was empty inside  
Falling into darkness  
Needing the light to see  
Reaching out for shelter  
Then He set me free

I reached out, You reach out, He'll reach out today

If you're looking for the answer, now this is the time  
To stop looking and start finding that feeling inside  
You don't need the darkness  
When there's a light to see  
He'll provide the shelter  
And He'll set you free

I'll reach out, I'll reach out  
I'll reach out, I'll reach out today  
Oh, reach out today  
I'll reach out today
