

# Sub-Urban Tribe, Sun Queen

I dream of flying to her  
towards the purifying light  
Eyes hurt but i just have to look  
she is so devine  
Sun queen  
I look up to the sky  
I see you shine and I'm getting so high  
Sun queen  
I'll touch you in a dream  
I feel you're coming soon  
erupting slow in full bloom  
Manhas tried to tame her heart  
by tieing her flame down to the ground  
Man always needs to take control  
I know she can't be bound  
Looking at you  
you're a mesmeric view  
we are set in slow motion  
I feel unreal  
like awake in a dream  
your eruption is the most exciting scene  
I'm burning in heat  
reaching my peak
