picture you and me  
sitting in a tree

first comes drugs  
then comes sex  
play your cards right  
you'll be my next ex like

seen a centerfold  
she was on the pole  
bank account got low  
throwing all my paper  
she gets off at three  
she said come with me  
guess i'm boutta be  
on my worst behavior

so tell me tell me tell me  
are you cool with temporary?  
i'm not trying to get married  
i'm just trying to get carried away  
need a distraction  
not emotional attachment  
body count like an assassin  
i might fuck around and add one baby

right when i walk through that door  
slurp me up like escargot  
50 gigs all video  
filling up my camera roll  
acrobat cirque de soleil  
my dick might break  
belt out when she scream my name  
like beyoncé

so tell me tell me tell me  
are you cool with temporary?
