Suede, Introducing The Band

Dog man star took a suck on a pill And stabbed a cerebellum with a curious quill Europe, America, Winterland Introducing the band

hic thug stuttered through a stereo dream A fifty knuckle shuffle heavy metal machine The tears of suburbia drowned the land Introducing the band

So steal me a savage, subservient son Get him shacked-up, bloodied-up and sucking on a gun I want the style of a woman, the kiss of a man Introducing the band

And as the sci-fi lullaby starts to build See them whipping all the women, cracked governments killed Oh let the century die to violent hands Introducing the band
