

Sufjan Stevens, Adlai Stevenson

Righteous men of the earth
Oh, have you been patient
I suppose our thoughts about United Nations
Adlai, Adlai
What did he say
And what is the answer?
1952, the heart was not your master
The accident you knew
Would carry with your laughter
Evidence, evidence
I've heard of it
And what is the answer?
Adlai, Adlai
What did he say
And what is the answer?
