

# Sugababes, My Love Is Pink

Love, love, everybody, everybody  
Love, love, everybody, is pink  
Love, love, everybody, everybody  
Love, love, everybody, is pink

Thinking about the way that I can say  
Maybe there's more to me than you see, baby  
Seventy different ways to misbehave  
Big numbers and I will make it eighty

Dance on the spot, giving it all we got  
Fire in my eyes, baby I can't disguise  
That deal that we did is getting me in the mood  
If I could make a man, he'd look a lot like you

"My love is pink  
Everybody knows what you think  
My love is white  
Butter wouldn't melt in mine tonight  
My love is red  
Hotter than the dirty things you said  
My love is like  
The colours of a girl so boy, hold tight"

Talking about those never gone before  
Let you make your way around my body  
Whatever you got, I'm guessing I got more  
An evening with no regrets, you won't be sorry

Dance on the spot, giving it all we got  
Fire in my eyes, baby I can't disguise  
That deal that we did is getting me in the mood  
If I could make a man, he'd look a lot like you

"My love is pink  
Everybody knows what you think  
My love is white  
Butter wouldn't melt in mine tonight  
My love is red  
Hotter than the dirty things you said  
My love is like  
The colours of a girl so boy, hold tight"

"My love is pink  
Everybody knows what you think  
My love is white  
Butter wouldn't melt in mine tonight  
My love is red  
Hotter than the dirty things you said  
My love is like  
The colours of a girl so boy, hold tight"

And I'll be true, true to my word  
Baby, I will be true, if you give me your word  
Then maybe I'll show you the moves

Love, love, everybody, everybody  
Love, love, everybody, is pink  
Love, love, everybody, everybody  
Love, love, everybody, is pink

"My love is pink  
Everybody knows what you think  
My love is white

Butter wouldn't melt in mine tonight  
My love is red  
Hotter than the dirty things you said  
My love is like  
The colours of a girl so boy, hold tight"

"My love is pink  
Everybody knows what you think  
My love is white  
Butter wouldn't melt in mine tonight  
My love is red  
Hotter than the dirty things you said  
My love is like  
The colours of a girl so boy, hold tight"
