

# Summer Walker, Karma

No faith, no fear, I know the drill  
You got a girl so don't get too close to me  
I mean, ain't that how it's supposed to be  
Mysterious, interesting, true  
Commenting I listen  
'Cause everything I was thinking about I rather be so  
You got me, you got me  
You got me wanna risk it all  
You got me wanna miss his calls  
You got me wanna take it off, ooh yeah, oh woah  
You got me thinking crazy things  
Regretting this but it's too late  
I wish you didn't know my name, oh yeah  
It's when you calling I'm there  
Like "ooh, ah, pull up, hop out, ooh, ah"  
When you calling I'm there  
Like "ooh, ah, pull up, hop out, ooh, ah"  
Calling I'm there  
Like "ooh, ah, pull up, hop out, ooh, ah"
