Sunk Loto, Public Imagery

It's televised sensationalised and globalised the begining of the end is near it's prophesied were terrorised it's telivised the begining of the end is near

global hatred war on races everythings so complicated

see it on our televisions death destruction sacrifice

public imagery manipulates society when will people see were being told what to hear please just be a phrase in time

just telivised prophesied for the public we were getting close to the begining of the end (were politics and war override decency and human compassion) telivised prophesied for the the public we are getting close to the begining of the end (only in a world so shallow and shameless would we telivise a fucking war!)
