

# Sunk Loto, Skid Mark

loosen the pants zip down  
loosen your mind shit down  
hang flang make it flow  
it'll slide down below

its far to big to fit down that pipe  
just chop it up and scoop it out  
release the gasses release the gassess  
learnt another lesson each day to day

pain as it slides down your colon  
slipping through the crack  
making its mark where ever it goes  
the skidmark is back

its far to big to fit down that pipe  
just chop it up and scoop it out  
release the gasses release the gassess  
learnt another lesson each day to day
