Sunset Black, Standing

Did you tell me
I'm supposed to live this life every single day
Can you take that
Believe with what I say and never give this up
Cause I won't give this up

I keep on thinking
I'm so damn new
I keep on thinking
I'm over you

We stood so tall
And you can't take this in
You'd wish we'd fall
And I won't let this in
We stood so tall
And you couldn't give in to what I'm thinking

Can't you see that
I believe in something more
Than what's been handed down
Can you take that
Believe with what I say and never give this up
Cause you wouldn't give this up

I keep on thinking
I'm so damn new
I keep on thinking
I'm over you

We stood so tall
And you can't take this in
You'd wish we'd fall
And I won't let this in
We stood so tall
And you couldn't give in to what I'm thinking

So tell me what you know
And I'll be here to show
You everything that I am
Come and see me

We stood so tall
And you can't take this in
You'd wish we'd fall
And I won't let this in
We stood so tall
And you couldn't give in to what I'm thinking

So tell me what you know
