

# SUPER JUNIOR □□□□□, The Melody (□□□□)

Every single scene is worth it  
Fearlessly passionate moments  
Even the world that used to be  
Like a hard training  
Look back  
It's just a beautiful memory

We met with nothing in common  
On the night we sang about eternity  
Not just about a moment  
Do you remember the passionate voice?

This song  
Only you and I know

The melody of the time  
That was our beginning
