

SUPER JUNIOR □□□□□, The Melody (□□□□)

Every single scene is worth it
Fearlessly passionate moments
Even the world that used to be
Like a hard training
Look back
It's just a beautiful memory

We met with nothing in common
On the night we sang about eternity
Not just about a moment
Do you remember the passionate voice?

This song
Only you and I know

The melody of the time
That was our beginning
