

# Supermonkey Death Grip, Hope (feat. donGURALEsko)

Maybe the thoughts in your head are different than mine.  
Maybe you have wings that make birds jealous to fly.  
Maybe your heart is made of pure crystal glass.  
Maybe you have something or someone from the past.  
from the past.  
from the past.

Maybe the thoughts in your head are different than mine.  
Maybe you have wings that make birds jealous to fly.  
Maybe your heart is made of pure crystal glass.  
Maybe you have something or someone from the past.  
from the past.  
from the past.
