

# Survivor, Don't Give Up

It's hard to see, and harder to do  
It's easy to walk away and say the game is through  
It's up to me, and it comes down to you  
It's easy to throw it all away for something new

Chorus 1:

Don't give up, don't let go  
Till we give it all we've got we'll never know  
Don't give up

Don't you know, it's taking its toll  
Sometimes the road will lead us where we'd never go  
Look in my eyes and into my heart  
With all of the time that's come and gone, we've come so far

Chorus 2:

Don't give up, don't let go  
Till we give it all we've got we'll never know

Don't give up, hold on tight  
Nothing is easy when it's real, it feels so right  
Yeah!  
Don't give up

Sometimes it takes so long, to know what's right or wrong but if you believe enough, it's all you'll ever

Don't give up  
Don't give up, hold on tight  
Nothing is easy when it's real, it feels so right  
Yeah!  
Don't give up  
Don't give up  
Don't give up,  
Nothing is easy when it's real, it feels so right  
Don't give up  
Don't give up  
Don't give up  
Don't give up
