

SVRCINA, Bleeding Out (Imagine Dragons cover)

I'm bleeding out
If the last thing that I do
Is bring you down
I'll bleed out for you

So I bare my skin
And I count my sins
And I close my eyes
And I take it in

I'm bleeding out
I'm bleeding out for you
For you

When the day has come
And I've lost my way around
And the seasons stop
And hide beneath the ground
When the sky turns grey
And everything is screaming
I will reach inside
Just to find my heart is beating

Oh you tell me to hold on (x2)
But innocence is gone
And what was right is wrong

Cause I'm bleeding out
And if the last thing that I do
Is bring you down
I'll bleed out for you

So I bare my skin
And I count my sins
And I close my eyes
And I take it in

And I'm bleeding out
I'm bleeding out for you
For you

When the hour is nigh
Hopelessness is sinking in
And wolves all cry
To fill the night with hollering
And when the eyes are red
And emptiness is all you know
With the darkness fed
I will be your scarecrow

Oh you tell me to hold on (x2)
But innocence is gone
And what was right is wrong

Cause I'm bleeding out
And if the last thing that I do
Is bring you down
I'll bleed out for you

So I bare my skin
And I count my sins
And I close my eyes
And I take it in

And I'm bleeding out
I'm bleeding out for you
For you

I'm bleeding out for you
For you (x4)

Cause I'm bleeding out
And if the last thing that I do
Is bring you down
I'll bleed out for you

So I bare my skin
And I count my sins
And I close my eyes
And I take it in

And I'm bleeding out
I'm bleeding out for you
For you.
