

Swae Lee, Reality Check

This shit i stoo relevant

Who needs a real check?
I got a check in reality
I gotta go in the atmosphere

Who needs a real check?
I got a check in reality
I gotta check on my ex
And make sure
She ain't doin' better then me

Who needs a real check?
I got a check in reality
I gotta check on my ex
And make sure
She ain't doin' better then me

Ride in a car
Spread the wings
I gotta go in th eatmosphere
I expect less form these people
When i am in position
Don;t depend on me

Who needs a real check?
I got a check in reality
I gotta check on my ex
And make sure
She ain't doin' better then me

When i didn;t haveit
I actually sat and i had to imagine it
Don't touch my seat settings
And i'll let you know when i am ready to leave
