

# Sweetbox, Utopia

Where's Utopia?

Where's Utopia?

(Verse 1)

Praying for something to carry me through

Waiting for the day when I know what to do

Hoping and hoping for a ray of light

Can you

Won't you

Deliver me

(Chorus)

Utopia

I wanna go with you to Utopia

I wanna follow you to Utopia

Oh won't you take me there please

I wanna go with you to find Utopia

Where's Utopia

Where's Utopia

(Verse 2)

Holding onto nothing but a tired dream

Trying to find out who I need to be

Hoping that God will give me a sign

Can you

Won't you

Deliver me

(Repeat Chorus)

(C Part)

A girl walked by me today

And I saw my soul inside her eyes

I saw her anger, her fear, her loss underneath my same disguise

Staring at my reflection finally made me see

I've been looking everywhere for myself

Except inside of me

Oh I need to go to Utopia

(Repeat Chorus Out)
