

Syd Barrett, Lucy Leave

Leave, when I ask you to leave, lacy
Please, far away from me, lacy
Oh, go little girl
Seen, is (oh so) broken up about you, lacy
Mean, treat me and done me harm, lacy
Been, in love with you and your charms, lacy
Oh, go little girl
I'm in love with you, lacy

You got my heart
You got my heart, oh no!

You tear me apart
You just won't let me go
You hold on so tight, so tight I just can't breath
Now lacy leave, lacy

Leave, when I ask you to leave, little girl
Please, far away from me, little girl
Yeah! go little girl
Seen, is (oh so) broken up about you, lacy
Yeah!
Go.
