

# Syleena Johnson, Ain't No Love

I don't know what you've been told, baby  
But, there's definitely something wrong with you.  
This s\*\*t is getting kinda old baby, staying out all night and acting like a fool.

You don't come home at night.  
All we do is fuss and fight.  
Steadily, hangin' with the boys  
When I'm the only one employed  
Can't buy me diamond rings.  
Can't buy a damn thing  
Pager beeping nine one one  
I thought I was the only one.

Ain't no love, ain't no joy  
Ain't no times left to enjoy  
Ain't no love, ain't even no lust  
Ain't no kindness baby, ain't no trust.

Lately, you been kinda bold, darlin'  
Getting pages and calls all night through  
I guess it's time for me to fold darlin'  
'cause there's nothing left to hold on to  
Ain't no love.

Ain't no love, ain't no joy.  
Ain't no times left to enjoy  
Ain't no love, ain't no lust  
Ain't no kindness, ain't no trust.

(2x) through all the pain that you caused me I was there, I was there.  
Through all the times, that you didn't see, I was there, I was there.  
Through all the gambling debts you had, I was there, I was there  
Now I'm gone and it's too bad  
I was there, I was there.
