

# SZA, Justin Timberlake, The Other Side

you're preaching to the choir  
stop hating on yourself  
quit playing with your mind  
you're spinning  
if you think that I am a liar  
just try, it for yourself  
the clouds will open up  
blue skies are willing

I know it's so hard to throw away  
the clouds will open up  
blue skies are willing

back on your feet again  
lift your head , hold it high  
you wanna run it back  
but you can't turn the time  
you start to feel like you're losing your shine  
but the grass ain't always greener on the other side

the other side  
got you stuck in your mind  
you start to feel like you're losing your shine  
but the grass ain't always greener on the other side

hey you  
stop stressing about what you're missing  
so blue  
just take it easy, take your time  
if you think my words are wise  
just try it for yourself  
I promise the stars will light the path you walk  
don't give in

got a heart of gold  
what a shame to go waste  
the clouds will open up  
blue skies are willing

back on your feet again  
lift your head , hold it high  
you wanna run it back  
but you can't turn the time  
you start to feel like you're losing your shine  
but the grass ain't always greener on the other side

the other side  
got you stuck in your mind  
you start to feel like you're losing your shine  
but the grass ain't always greener on the other side

just take it from me  
you'll be ok?  
cause it don't matter how sweet it taste  
the grass ain't green, don't worry  
losing sleep, still want to get  
you get

back on your feet again  
lift your head , hold it high  
you wanna run it back  
but you can't turn the time  
you start to feel like you're losing your shine  
but the grass ain't always greener on the other side

you start to feel like you're losing your shine  
but the grass ain't always greener on the other side
