Szatt, I Guess My Brother Got Shot (feat. Vito)

Sun already went to sleep I'm in the mood for a couple of everything Where is my bwoy, I have good Jamaican dope (?) Brother let me know

Six goddamn hours passed And there's no fucking call I killed it all Bitch, I'm higher than someone who's tall Sun is back What a shame And I'm thinking

I guess my brother got shot by this lady He's not givin' me a call He's not answering at all Well, I think he got shot by his baby He is unavailable No way to move Probably ...

Shot, shot, shot, shot Shot she shot him down (x2)

Shot, shot, shot, shot Shot she shot him down (x4)

I guess my brother got shot by this lady He's not givin' me a call He's not answering at all Well, I think he got shot by his baby He is unavailable No way to move Probably ...

Shot, Shot, Shot, Shot Shot she shot him down (x2)
