I'm on my grind, Grand Hustle, got the mind and the muscle  
50 carats in the crown just to shine on you suckers  
Still tote the Glock .40 for the haters and the busters  
Fuck probation, if a nigga try to play me, I'ma bust 'im  
I don't need no security reachin' for my jewelry  
Get ya niggas popped quick, filled full of hot shit  
Fresh out the box, Tip hopped in a drop 6  
Made a quarter mil in the pen gettin' stock tips  
Haters wanna stop Tip, mad 'cause they not Tip  
Ball every summer so ya baby mama jock Tip  
You don't want no drama, pimp, I promise I do not slip  
Chrome .45th hid well if the cops trip  
Bought my girl a Hummer with the chrome right in front of that  
Five carat stones with the platinum all up under that  
Rap beef, I ain't gonna participate in none of that  
I'm aimin' at yo fitted cap and you ain't gonna want none of that

A nigga try to play me, I'ma blow 'im off the map ASAP  
Ask anybody who runnin' A.G., bet they finna say me ASAP  
Niggas hatin' on P\$C get straightened ASAP  
A nigga try to play me, I'ma blow 'im off the map ASAP

I know a lot of rappers don't like me, but they won't fight me  
Feds swear I sell dope, well why they won't indict me?  
Advances on the throne I ain't never taken lightly  
But all that tongue wrestlin' hatin' while I'm gone don't excite me  
How many rappers you know that can hold they own in Rice Street?  
Any steady talkin' on the cell phone nightly?  
In normal population, half the jail just like me  
Polices think I'm crazy, scared a nigga gone strike me  
Contrarily, a nigga tryin' me is unlikely  
They barkin don't bother me, I be bombin' 'fore they bite me  
They just shocked to see my rap's exactly how my life be  
Shiesty with a conversation quite pricey  
My fists so rocky and my wrist so icy  
Might be thrown off my rocker just slightly  
Feisty, flamin' hot temper don't ignite me  
I'm only gonna ask you "find the exit" once politely

A nigga try to play me, I'ma blow 'im off the map ASAP  
Ask anybody who runnin' A.G., bet they finna say me ASAP  
Niggas hatin' on P\$C get straightened ASAP  
A nigga try to play me, I'ma blow 'im off the map ASAP

What up, say hello to the man of the people  
My plan is to keep you at least two levels under me where I need you  
I'ma take advantage of my chance to defeat you  
Ya true colors done shown, now it's on when I see you  
I'm grown, nigga, so let it be known we ain't equal  
You're sadly mistaken if you thinkin' I cant reach you  
Beat you to a fucking pulp if I need to  
The very spot you standin' in then is where I'll leave you  
Seen on the scene, white tees and Evisus  
O.G. status, I don't beef unless I need to

Sissy you way outta line and you runnin' outta time  
Hang behind closed doors when you heard I got some time  
Yeah, I know you were thinkin' "out of sight and out of mind"  
But I'm the wrong one for you to try if you were tryin' to shine  
Listen, nigga, this shit here is more than just a lot of rhymes  
I don't know what you do for your respect, but I'ma die for mine

A nigga try to play me, I'ma blow 'im off the map ASAP  
Ask anybody who runnin' A.G., bet they finna say me ASAP  
Niggas hatin' on P\$C get straightened ASAP
