(feat. DJ Khaled)

[Intro: T-Pain]

Dear Akon... forgive me for what I'm about to say...

Dear Barry Wize I know you told me not to worry about it man but I can't let it ride...

Dear God... let's make it happen

(ha ha ha) ha ha I'm tryin to be you niggas...

Ha yeah you niggas

Watch me do me, watch me do me, watch me do me, watch me do me hey! (nappy boy)

Nappy boy

[DJ Khaled:]

Dj khaled!

Aye yo Pain

I want you to go in

[T-Pain:]

Hey yo Khaled let's go man (we the best) hey hey hey (listenn)

I got up out da streets so I ain't gotta steal

But listen to the radio it's obvious I still kill

When ya'll was in the game

Way before me

So why you wanna do some shit I did in '03

I'm layin low key (yeah)

For a long time

But don't act like you know me

This is the wrong time

So grab ya microphone

Set yo auto tune

And I'm a bust a verse on yo ass like I outta do

I ain't no gangsta dude

Ain't got a poppin banga

But you know I'm powerful when I'm pissin off the gospel singas

I'm tryin to feed my kids

Y'all niggas can die slowly

Cause to me it sound like a bunch of karaoke

[DJ Khaled:]

Aye yo fuck the imposta

Fuck these karaoke niggas

Aye yo pain dey tryin to live your life man

These some bitch ass niggas man

It's the dj khaled

Nappy boy

I'm goin in

I'm goin in

Aye yo T-pain

[T-Pain:]

I know you khaled I know you right now

But uh let me get em' again

Aye aye uh listen it ain't all bad

Some of it please me

But the only niggas that cool is Kanye and Lil Weezy

I'm a hit maker

Not a comedian

So why da fuck were these niggas laughin at me when I seen they ass

This shit would never work

A one hit wonder bitch

But all that shit that you doing now make me wonder this

Now why it's cool for you

But it's not for me

And why he ain't hop on my song and make it hot for me

But u don't give a fuck

You just a swagger jacker

Now I'm a certified lamborghiniist and cadillacer

Cause I'm tryna feed my kids

Y'all niggas could die slowly

Cause just to me

It sound like a bunch of karaoke
