

T-Pain, Keep Going

("Intro")

Yeah

Uh

(Clears Throat)

(Takes Deep Breath)

Keep Going

Yeah

Mm

("Verse 1")

They get me up in the morning

They give me reason to believe I'm here

For somebody

Someone

They make me feel so joyous

Happiness ain't a word to describe

What I,

Feel

("Chorus 1")

Like when I try to give it up;

Sick and tired of all this stuff

They give me reason to keep going

And going

When I feel like I should quit

I keep going

("Verse 2")

I never knew this would happen

And if you knew about my past you would see,

Why,

It's a miracle

But you can see why I'm happy

Nobody wishes for me this is prayer

Where,

Would I be without them?

("Chorus 2")

And when I try to give it up

Sick and tired of all this stuff

When I feel like it's enough

I,

Keep Going

They give me reason,

To keep going

And going

And going
