

TAEMIN , Criminal

I know well
That you're bad for me
Your eyes and the way you move

I try to get away from you
But being brainwashed
All i can do is nod

I don;t hate how your words make me feet
Entangled and dance
Cause i don't want to deny the truth
That it was destined to be you for the beginning

So elegant
A Criminal who hurts me
It's okay
You soothe me just to torture me again
