

# TAEMIN , Criminal

I know well  
That you're bad for me  
Your eyes and the way you move

I try to get away from you  
But being brainwashed  
All i can do is nod

I don;t hate how your words make me feet  
Entangled and dance  
Cause i don't want to denny the truth  
That it was destined to be you for the beginning

So elegant  
A Criminal who hurts me  
It's okay  
You soothe me just to torturę me again
