

Take That, Satisfied

Baby I'm watching you to see
I don't like the way you've been treating me
I promised you nothing and gave you much more
Making love is all you wanted me for

You're never satisfied, you're never satisfied
If you open your mind you'll see
That you could be satisfied with me

Baby you criticize my every move
Look, can't you see I've nothing to prove
I've had enough, it's a matter of time
Maybe we'll make it somewhere down the line

You can be if you wanna be [x 3]

I often wonder what I see in you
You don't do the things that I want you to do
I open my eyes and dream it's alright
Maybe we'll make it together tonight.
