

# Take That, Sunday To Saturday

Monday morning and the feeling's still the same  
It's our sunday through our saturday love  
This ain't no weekend thing this ain't no teenage game  
It's our sunday through to saturday love

It's our sunday through to saturday love  
It's our sunday through to saturday love  
This ain't no one night stand no part time lovin' man  
It's our sunday through to saturday love

I have no reason to be feeling kind of strange  
But I guess that's just the man that I am  
In the clouds, in my dreams in pouring rain  
Hand in hand, under this rainbow we can always still the same

It's our sunday through to saturday love  
It's our sunday through to saturday love  
This ain't no one night stand no part time lovin' man  
It's our sunday through to saturday love
