

Talisman, Friends 2 Strangers

Screams of anger lead 2 bitter ends
24/7, never seem 2 compromise
Friends 2 strangers words cannot defend
Now does it feel good, now does it feel right
Somehow my dignity is buried alive

How do we advertise, our souls are victimised
We're miles from the road 2 heaven
Let's make this 1 thing clear, I've had it bout 2 here,
You've taken much more than u've given

Justifying all your every ways
I can 4give but I can't 4get, nor I should
I aint buyin what more can I say
Now do u feel good, tell me do u feel right
It's only fair 2 tell me what's on your mind

(Solo)

Screams of anger lead 2 bitter ends
24/7, never seem 2 compromise
Friends 2 strangers words cannot defend
Don't think I can't see it in your eyes
Justifying all your every ways
I can 4give but I can't 4get, nor I should
I aint buyin what more can I say
