

Talk Talk, Without You

(Mark Hollis Tim Friese-Greene)

Create upon my flesh

Create approach upon my breath

Bring me salvation if I fear

Take my freedom

A sacred love

Create upon my breath

Create reflection on my flesh

The wealth of love

Bear me a witness to the years

Take my freedom

Let my freedom up

Take my freedom for giving me a sacred love

Create upon my flesh

Create a home within my head

Take my freedom

Let my freedom up

Take my freedom for giving me a sacred love
