

Tamara Gee, YOUR ALIBI

You've never really known how much
How much I loved you
All the times I've tried to show
Just to worship your while
I think of all the words that went to waste
Nothing ever sink a penetrate
Call them empty space surrounds your head

If you really .. past
You are after me

..
That I needed you badly
I was terrify
?

(poprawiając bo ja jej nie rozumiem)
