

# Tammy Cochran, Wanted

Sometimes, I get to thinkin' I've been aiming to high  
Could be, that I know what happens when I lower my sides

Looks for the moment no longer appeals  
I wanna know how it feels to be

Chorus:  
Wanted for just what I am  
Not one single ulterior motive in mind  
Just wanted  
Completely unselfishly 100% all the time

There's one, I know when I see em  
And there was a time  
I'd be makin' his kind of trouble  
Temporarily mine

I guess my heart's growin' up  
All that he wants is to loved and be

Chorus

I won't stop, till I get it emendated  
It seems like a lot but it's not  
I just wanna be

Chorus

Wanted  
Just wanted  
I wanna be wanted
