## Tarja Turunen, Enough

**ENOUGH** Ego selfish Prima Donna Dancing in your poisoned cage Thinking that your consciences clearer If you drink your dreams away Feed your anger to the devil In yourself built wishing well Take a swim in muddy waters All the dirt will leave a trail Had enough symphonies of sorrow The beast of prey a breath away Masterpiece of treachery Built a wall and made me crumble Just because I am in love Don't you cry now look at all the Dolls and toys that you have got Smash the mirror of perversion With the dagger that you made Mirror, mirror, is there someone who can make your day today? Had enough symphonies of sorrow The beast of prey a breath away Had enough symphonies of sorrow The beast of prey a breath away Masterpiece of treachery Kept my thoughts buried in a box With each shot I still kept it locked You drew a play written with my blood Went ahead just to feed the lot Had enough symphonies of sorrow The beast of prey a breath away Had enough symphonies of agony The beast of prey a breath away Masterpiece of treachery
