

# Tarot, Grey

A graveyard grows inside my head  
They planted things inside me  
I am soiled by the stale thoughts of long dead  
I was told to leave childish things behind  
Two plus two, A B C  
Death of dreams spreading disease in my mind

Grey, everything I see  
Grey, Everything around me

Open your eyes and ears little one  
The access must be free  
Injected and poisoned by information  
The blood of life turning to water  
Drowning the spark, the real me  
Choking the outside, the pressure inside  
Set me free

Grey, everything I see  
Grey, Everything around me

Dead, still young  
Learn from hurt  
Silent tongue  
Burning word

Dead, still young  
-See evil  
learn from hurt  
-Hear evil  
Silent tongue  
-Speak evil  
Burning word  
-Inside me

Grey, everything I see  
Grey, everything around me
