

# Tate McRae, feel like shit

Usually never cry at all  
I would say I'm pretty tough  
But it's been a couple weeks now  
And I still feel stuck in my lungs  
And usually I go out on nights  
And not think of u once  
But if they start playing that song  
I can't help but to think about us

Really through i'd be done  
With the hardest part  
When i pulled myslef out of my arms  
Wish i knew that weas only the start  
And now i am falling apary  
Cause

Last night for the very forst time  
You ddn't wven try to call  
I, won't lie  
I thought i miht die  
I could't even sleep at all  
And maybe i will get used to it  
But right now i jut feel like shit

So I kissed somebody else  
Just to see how it felt  
But all that was going through my brain  
Was your hands around my waist  
You know how to do it so well

Really through i'd be done  
With the hardest part  
When i pulled myslef out of my arms  
Wish i knew that weas only the start  
And now i am falling apary  
Cause

Last night for the very forst time  
You ddn't wven try to call  
I, won't lie  
I thought i miht die  
I could't even sleep at all  
And maybe i will get used to it  
But right now i jut feel like shit

And if I get a little too drunk  
I start thinking  
What if you were the one?  
But I know that the damage is done  
And I still have the shirt that you wore  
When we first met  
It's there on the floor  
I might kick it under the bed  
Hoping that I could forget  
That

Last night for the very forst time  
You ddn't wven try to call  
I, won't lie  
I thought i miht die  
I could't even sleep at all  
And maybe i will get used to it  
But right now i jut feel like shit
