

Taxxi, I'm Leaving

While the city sleeps, I wander the streets,
Wanting it some other way
My clothes in a bag, tired muscles sag,
I've come to the end of my stay
I walk through the rain, time pours down the drain,
Exhausted, but I can't close my eyes
I know that I tried, but I've too much to hide,
And I want to stop feeding you lies.

I don't know how to say I'm leaving
I don't know how to say I'm leaving

It still feels the same, all smoke but no flame,
You know that I'll never belong
Your eyes are so warm, my shelter from storm,
Whatever the cost I'm not wrong.

I don't know how to say I'm leaving
I don't know how to say I'm leaving

Any words I choose, still all of us lose,
It's my dreams we all have to pay
But my driving ambition, leaves no choice in decision,
And I won't face another cold day.

I don't know how to say I'm leaving
I don't know how to say I'm leaving
