

# Taylor Swift, Change

And its a sad picture, the final blow hits you  
Somebody else gets what you wanted again and  
You know its all the same, another time and place  
Repeating history and youre getting sick of it  
But I believe in whatever you do  
And Ill do anything to see it through

Because these things will change  
Do you feel it now?  
These walls that they put up to hold us back will fall down  
This revolution, the time will come  
For us to finally win  
We sing hallelujah, we sing hallelujah

So weve been outnumbered  
Raided and now cornered  
Its hard to fight when the fight aint fair  
Were getting stronger now  
Find things they never found  
They might be bigger  
But were faster and never scared  
You can walk away, say we dont need this  
But theres something in your eyes  
Says we can beat this

Because these things will change  
Do you feel it now?  
These walls that they put up to hold us back will fall down  
This revolution, the time will come  
For us to finally win  
We sing hallelujah, we sing hallelujah

Tonight we stand, get off our knees  
Fight for what weve worked for all these years  
And the battle was long, its the fight of our lives  
But well stand up champions tonight

It was the night things changed  
Do you see it now?  
These walls that they put up to hold us back fell down  
Its a revolution, throw your hands up  
Cause we never gave in  
And we sang hallelujah, we sang hallelujah  
Hallelujah
