

Taylor Swift, it's time to go

When the dinner is cold
And the chatter gets old
You ask for the tab

Ot that moment again
He's insisting that friends
Look at each other like that

When the words of a sister
Come back in whispers
That prove she was not

In fact what she seemed
Not a twin from your dreams
She's a crook who was caught

That old familiar body ache
The snaps from the same little breaks
In your soul
You know
When it's time to go

20 years at your job
The the son of the boss
Gets the spot that was yours

Or trying to stay for the kids
When keeping it how it is will
Only break their hearts worse

That old familiar body ache
The snaps from the same little breaks
In your soul
You know
When it's time to go

Sometimes to run is the brave thing
Sometimes walking out is the one thing
That will find you the right thing
Sometimes giving u pis the strong thing
Sometimes to run is the brave thing
Sometimes walking out is the one thing
That will find you the right thing
Sometimes giving u pis the strong thing

15 years
15 milion tears
Begging til my knees bled
I gave it my all
He gave me nothing at all
Then wondered why i left
Now he sits on ihs throne
In his place of bones
Praying to his greed

He's got my past
Frozem behind glass
But i've got me

That old familiar body ache
The snaps from the same little breaks
In your soul
You know
When it's time to go

Sometimes to run is the brave thing
Sometimes walking out is the one thing
That will find you the right thing
Sometimes giving u pis the strong thing
Sometimes to run is the brave thing
Sometimes walking out is the one thing
That will find you the right thing
Sometimes giving u pis the strong thing
