## Taylor Thompson, Bring The House Down

As the night draws in Let the game begin It's a groove thing Let your feet decide Gonna catch a ride Keep on movin'

So let's go away
The mood can't be that hard to reach
The night will just take us there

And all you gotta do is All you gotta do is

Bring the house down
Raise the roof and get on the floor
(House down, raise the roof, get on the floor)
Let's bring the house down
Really want to hear you shouting more, more, more
Really want to hear some more.

You stay in bed with a sleepy head Doing nothing You can always try just to walk on but It will pull you in.

We're flying away We fall into this fantasy Where the groove will carry us on

And all we gotta do is All we gotta do is

Bring the house down
Raise the roof and get on the floor
(House down, raise the roof, get on the floor)
Let's bring the house down
Really want to hear you shouting more, more
Really want to hear some more.

Everybody do your thing Let's bring the house down Everybody spread your wings Let's bring the house down ohh yeah

So let's go away
The mood can't be that hard to reach
The night will just take us there

And all you gotta do is All you gotta do is

Bring the house down
Raise the roof and get on the floor
(House down, raise the roof, get on the floor)
Let's bring the house down
Really want to hear you shouting more, more, more
Really want to hear some more.

Bring the house down
Raise the roof and get on the floor
(House down, raise the roof, get on the floor)
Let's bring the house down
Really want to hear you shouting more, more, more

Really want to hear some more.

Bring the house down
Raise the roof and get on the floor
(House down, raise the roof, get on the floor)
Let's bring the house down
Really want to hear you shouting more, more
Really want to hear some more.
