

# Teeth, Chicharon

I went to this party one night  
There were lots of food  
Girls, the works  
I guess I ate too much  
Suddenly I felt funny inside  
A tickle in my butt  
Why should I torment my mind  
Evil air between my thighs  
It hurts me deep inside  
'coz it sucks  
Just let me die  
I was stuck in this corner  
Ready to explode  
Sweat came like beads  
Still people kept on pouring in  
Heck...I'll do it anyway  
I'll just blame it on someone else  
I'm falling apart
