

# Television, Glory

(Verlaine)

I was out stumbling in the rain staring at your lips so red  
You said, &quot;Blah, blah, blah&quot; you got a pillow stuck in your head&quot;  
How could I argue with a mirror  
She looked at me. Yes, I hear her.  
When I see the glory, I ain't gotta worry

She said, &quot;There's a halo on that truck, won't you please get it for me?&quot;  
I said, &quot;Of course my little swan, if ever and ever you adore me.&quot;  
She got mad. She said, &quot;you're too steep.&quot;  
She put on her boxing gloves and went to sleep -  
When I see the glory  
A I ain't got no worries
