

# Television Personalities, Lichtenstein Painting

She reminds me of a Lichtenstein Painting  
That hangs on the wall of famous halls  
In galleries around the world

She reminds me of a Lichtenstein Painting  
I saw in a book, "Oh Jeff I do love you but...."  
She's the Sleeping Girl

And when she's here I feel so glad

But when she's sad then I cry too  
She looks like the drowning girl  
Send for International Rescue

And if she smiles then I smile too  
It really makes my day  
I only wish she'd stay that way  
La la la la love you
