Giorgio, you know
I've got Greek music on my mind

And the birds up in the sky
And the fish in the sea
And the lovers in the night
Sing your song, sing your song

And the wind around the tree
And the flowers in the sand
And the moon above the isle
Sing your song

Giorgio, you know
I've got Greek music on my mind

And the birds up in the sky
And the fish in the sea
And the lovers in the night
Sing your song, sing your song

And the wind around the tree
And the flowers in the sand
And the moon above the isle
Sing your song

Giorgio, you know
I've got Greek music on my mind
