Tercet Egzotyczny, Giorgio

Giorgio, you know I've got Greek music on my mind

And the birds up in the sky And the fish in the sea And the lovers in the night Sing your song, sing your song

And the wind around the tree And the flowers in the sand And the moon above the isle Sing your song

Giorgio, you know I've got Greek music on my mind

And the birds up in the sky And the fish in the sea And the lovers in the night Sing your song, sing your song

And the wind around the tree And the flowers in the sand And the moon above the isle Sing your song

Giorgio, you know I've got Greek music on my mind
