

Tercet Egzotyczny, Manuel

Waiting

I'm always waiting
For a smile from you
A sign that you still care

Breaking

My heart is breaking
When you look at me
It seems as if you're not really there

Hiding

I know you're hiding
Well, it's time we just stopped
Living all those lies

Look

Look at me
I know all about her
I'm setting you free

Manuel, goodbye, I've got to go away
Or I will change my mind and stay another day
Leaving you right now is hard for me to do
Manuel, goodbye, I always will love you

Foolish

Tell me I'm foolish
Reassure me, love
And say it isn't true

Rumours

Tell me they're rumours
Darling, hold me tight
And let me feel the love that we once knew

Empty

My arms are empty
I know there's no use
In trying to pretend

Tears

Only tears
That's all that is left of us
And all the good years

Manuel, goodbye, I've got to go away
Or I will change my mind and stay another day
Leaving you right now is hard for me to do
Manuel, goodbye, I always will love you
