

Terra Bite, Yo Honey

Yo Honey, do you wanna know who I am?
You love me, it's always the same
I think your head isn't filled enough
You would sell your ass for some crack

Talkin' to you? About What?
About hair or nails, or what?
When looking at you, I'm fucked
Bring electric chair back! Yeah!

Can you see me through this shit?
I'm talking 'bout you, make up girl
Paint some more, you still have space
Your brain is out, it's on your face

Oh yeah, your dog is so cute
Hold him tight, he cannot run
If he had a chance, trust me girl
He would just chew your mouth

2x
Pink Girl -- What'd ya say?
Pinkt Girl -- not today
Pink Girl -- no more lies
Get out of my life

Your brain walks on high heels
Facebook's your name, pics are your skills
Come on, girl, gimme another photo
Naked or not, I will not jerk off

Maybe it's an important day
But you ain't know shit about it
Your mind is like a midnight bus
Those are never very loaded

Wanna hit on some? Try your ass
You'd go to some farmer to smoke some grass
One question - pinky tramp
Tell me, are you seriously this dumb ?

Normal guy, you say - what a crap!
Normal ride, you say - not in that
Your daddy spoiled you bitch!
It ends now, praise my shit!

2x
Pink Girl -- What'd ya say?
Pinkt Girl -- not today
Pink Girl -- no more lies
Get out of my life

Pink girl it's not over. Not over again..

2x
Pink Girl -- What'd ya say?
Pinkt Girl -- not today
Pink Girl -- no more lies
Get out of my life
