

Terra Naomi, Never Quite Discussed

you're the closest thing i know to love so
let me in
the moon is glowing white
and time's a-wasting
and don't you want to know
what happens when
we start at the start
before it becomes that thing
that broke my heart in two
we've been here before
that place where we dwell until
we find we both want something more

so let's pretend that for a moment
we have never loved before
touch my skin
and i will kiss your lips and
we can both ignore
that feeling of wait,
what happens in time
i know this is cool for now
but i just might change my mind
and leave
you there in the dust
i know that you loved me a lot
but it was never quite discussed
