

# Texas, Hear Me Now

Where were you when the lights went out  
I ask you this in your defence  
You fell for a river when all you wanted  
Was a drink  
To me that never made much sense  
Hear me now  
With every word I breath  
Believe in me if you can  
Hear me now  
Like a long lost friend  
Believe in me if you can  
I live my life to the full each day  
Cause I'm scared of not being alive  
And all that I'm wanting is the same for you  
Don't wanna tell you any lies  
To all those people that I've never known  
You know I could do untold harm  
So find me a witness  
Who can justify a reason  
Let them come and raise their hand  
Hear me now  
With every word I breath  
Believe in me if you can  
Hear me now  
Like a long lost friend  
Believe in me if you can
