

Texas, Nevermind

No...
Nevermind...
Cos you're home now
Yeah you're home

Time...
Never hides
We're alone now
Leave it all behind

Wherever I go I know I'll tell you
It's just another place we can go to
So get on board

Chorus:
You gave it all
Don't take it back
Been up all night just talking
The day is dawning
It's early morning

So...
Catch your breath
It's so clear now
Cos you're here now

Wherever I go I know I'll tell you
It's just another place we can go to
So get on board

Chorus:
You gave it all
Don't take it back
Been up all night just talking
The day is dawning
It's early morning
(repeat 2x)

No...
Nevermind...
Cos you're home now
The day is dawning
It's early morning
